

The Reid Technique Investigator Tips Arranged by Topic

Since January 1, 1999, we have published 244 Investigator Tips on our website, www.reid.com. We have listed many of them here by category for ease of reference under 4 headings:

- The Reid Technique Process, Procedures, and Practices
- False Confession Issues
- The Claims Made by Academicians, Social Scientists, and Defense Attorneys about the Reid Technique, and Our Responses
- What the Courts Say

(Please Note: You will find some redundancy among the Tips because we wanted each Tip to essentially be a stand-alone item, not knowing if the reader had reviewed any of the other Tips that addressed a similar topic.)
